Republican Leader States His Views as to Outcome of Election

With 35,000 voters expected to cast their ballots at the polls next Tuesday, political observers in this community and the rest of Lake county are today anticipating a decisive victory for the Republican party candidates.

The election of Judges Perry L. Persons and Martin C. Decker, County Clerk Lew A. Hendee, Probate Clerk John R. Bullock, County Superintendent of Schools W. C. Petty, Allen J. Nelson for county treasurer and Lawrence A. Doolittle for sheriff is conceded by the keen political doers.

See Big G. O. P. Margin

While this is an off year election and only about two-thirds of the voters in Lake county are expected to come to the polls on Nov. 6, the political observers prophesy that the Republican party candidates will receive a large majority of the votes. These observers base their estimates on the reception given the Republican party candidates at the rallies held during the past several weeks and the qualifications of the candidates of the other seekers.

"The people of this community and the remainder of Lake county want capable men and women in public office—men and women who will carry on the duties of the government of this county ably, honestly and economically," Howard L. Scott, chairman of the Republican County Central Committee, stated today.

"We believe that all the Republican party candidates have shown by their education, past experience in private business or public office that they have the qualifications necessary for good government officials," Mr. Scott added.

Have Kept Faith

Those Republican party candidates up for re-election have kept faith with the people and property owners by operating their offices economically, efficiently and courteously, Mr. Scott stated. While the county candidates for sheriff and county treasurer have shown their aptness to give the people of the county the best possible in those offices by their past experience and training.

"The Republican state ticket headed by William J. Stratton for state treasurer and Francis G. Blair for state superintendent of schools, has men and women of ability, honesty and sincerity. Stratton's record during his term in office as secretary of state still stands at the peak of good government in Illinois," Mr. Scott commented.

Congressional candidates including Ralph E. Church in the Tenth District and C. Wayland Brooks and Milton E. Jones for congressmen-at-large have shown their interest in the welfare of the people and the continuance of constitutional government, for and by the people, Mr. Scott said.

News Makes Largest Mail Shipment From Antioch Postoffice

The largest single shipment by mail ever made from Antioch was deposited in the local postoffice this morning by the Antioch News, and was consigned to twenty-two Chicago suburban postoffices. Several hundred pounds of packages weighing over the parcel post limit were forwarded by express. The total shipment involved nearly a ton of paper used in printing about 70,000 copies of a publication, or over a half million printed pages.

Final proof revisions were received Saturday and the job was off the press at eight a. m. Wednesday. Completion of this job satisfactorily and on time is another proof of the News' slogan—"No job too small—none too large."

OLSON CAMP IS HOST TO R. N. A. AT ANNUAL MEET

250 Attend the Convention Here Tuesday—Hold Two Sessions

Olson Camp, Royal Neighbors of America, was host to 250 members of the order assembled at St. Ignatius' church hall, in Antioch, Tuesday afternoon and evening at the county annual convention. Fifteen Lake county camps were represented by delegates and visitors.

Mayor George Bartlett welcomed the gathering to Antioch, and the response was given by Neighbor McCough of Gurnee. The afternoon session opened with presentation of the flag. There was community singing, and a school of instruction was conducted by Deputies Cooley and Krieger, with each camp represented exemplifying one part of the work.

Dinner was served by the Women's Guild, St. Ignatius' church at 5:30 o'clock.

The evening session opened at 7:30 with Oracle Elmer Nelson presiding. Deputies Krieger and Cooley were introduced, and the juvenile camp of Waukegan initiated two juveniles.

The ritualistic work of the order was exemplified by Olson camp of Antioch, when 13 candidates were initiated, nine of whom were from Antioch. The local team received praise for the manner in which they did their work, and district deputies commented Olson camp for the manner in which the business of the convention was held. Every detail was carefully taken care of and there was not a pause during the afternoon or evening session.

Musical readings by Neighbor Edgan were an enjoyable feature of the evening session.

An invitation was given to have the convention meet in Deerfield in 1935.

"Thankful for Health Day" Is Program for Schools

"Thankful for Health Day" is the title of the grade school Thanksgiving program which the Lake County Tuberculosis Association is sending out to the schools this week. This year, at last, this program was prepared by the National Tuberculosis Association and contains poems, songs and a playlet. The playlet tells the story of the first Tuberculosis Sanatorium which was established by Edward Livingston Trudeau fifty years ago.

In addition to finishing the School health Program the Tuberculosis Association is sponsoring an essay contest in the schools. The life of Trudeau is the topic for the essay. The best one will be broadcast from the local radio station by the writer.

The judges of the contest will be Mr. W. C. Petty, County Superintendent of Schools, Mrs. Albert P. Smith of Highland Park and Mrs. John C. Mocham of Lake Forest.

Material on the life of Trudeau may be obtained from the Association office in the Court House.

The Spencer individually designed corsets will be demonstrated Tuesday, Nov. 6th, at MariAnne's, Antioch, by Mrs. Wade of the Chicago office.

1934 ROLL CALL LEADER PREDICTS SWIFT CAMPAIGN

In accordance with a long established custom the American Red Cross will conduct its annual membership Roll Call in this and thousands of other communities throughout the country commencing Armistice Day.

This year the territory outside of Waukegan and North Chicago, lying within the jurisdiction of the local chapter and which includes the northern townships of Lake county will be supervised by Mrs. William Marks of Lake Villa.

Mrs. Marks has received the volunteer support in this undertaking from many ladies who have long been identified with the community's leadership. Among these are Mrs. C. Junge, Mrs. Wm. Huson, Mrs. Amann, Mrs. Gessler, Mrs. McCandless, Mrs. Davis and Mrs. Ziegler of Round Lake; Mrs. Howard Scott, Mrs. Noel White, Mrs. Hamberger, Mrs. Schraudenbach, Mrs. Nelson, Mrs. Ellison, Mrs. Mall, Mrs. Landry, Mrs. Bennett, Mrs. Tweed, and Mrs. Hollister of Fox Lake; Mrs. Sherwood, Mrs. Barnstable, Mrs. Trowbridge, Mrs. Fry and Mrs. Charles Hamilton of Lake Villa; Mrs. Gordon Bonner of Millburn; Mrs. Valenta, Mrs. Stickle, Mrs. Root, Mrs. Liphart, Mrs. DuFault, Mrs. Rasinski and Mrs. Claxton of Ingleside and Mrs. J. Brogan of Antioch who will select her committee this week. In Grayslake Mrs. Schlosser, Mrs. Reed, Mrs. Baylor, Mrs. Selser, Mrs. Johnson, Mrs. Neville, Mrs. Hook and several others will assist.

Manuel Talcott, of Waukegan, chairman of the Waukegan chapter for the past fourteen years in a statement issued recently said: "The Red Cross is no stranger in this community. Locally, it has rendered an indispensable service during the period of depression. Its work must go on. Since all its activities are made possible by individual support, I am convinced that the local citizenship will respond quickly and graciously when the membership campaign gets under way on Armistice Day."

CHILDREN ENJOY NEWS-THEATRE HALLOWEEN SHOW

150 Masked Youngsters Seen in Parade—Merchants Cooperate

Antioch grade school youngsters had a night of fun and amusement last night when they enjoyed a free picture show at the Antioch theatre, the guests of the Antioch News, Manager Fred B. Swanson of the theatre, and Antioch business men.

About one hundred fifty children, masked in every conceivable costume for Halloween, assembled at the grade school at 6:30 o'clock to take part in the parade to the theatre. Acting as escort to the children in the parade were Principal Ralph E. Clabaugh and the grade school teachers, and Antioch firemen designated as special police for the evening.

Parade Before Footlights. Arriving at the theatre the long line of children in costume were lined up for a parade across the stage while the judges looked on, and chose 33 to receive the prizes. The judges were Mr. Clabaugh, Otto S. Klass, Dr. David N. Deering, Grade School teachers and Gregory Yahnke of the News.

Prizes were donated by Webb's Racket Store, Maude Sabin, King's drug store, Reeves' drug store, MariAnne's, Shultz & Son, O. S. Klass, Antioch News, Williams Bros., and Mr. Swanson.

Prize-Winners Named. Following are 26 of the children who won prizes. Seven others were awarded prizes by the judges but their names could not be learned.

Dale Barnstable, Alice Fox, Bernard Sherman, Lucille Sherman, Ray Quadenfeld, Catherine McCorkle, Lucille Waters, Leona Hostetter, Billy Teichert, Mildred Van Patten, Lotus Crawford, Maurice Verkest, Darlene Christensen, Jimmy Dunn, Rosemary Morley, Jerry Pregoner, Roland Burnette, Jimmy Walsh, Roy Aronsen, Dorothy Miller, Roberta Selter, Billy Mongan, Doris Klass, Juanita Crawford, Judy Pregoner, Junior Patrovsky.

At the theatre the children saw the feature picture, "Thirty-Day Princess," and other short subjects, and they thoroughly enjoyed the show.

The Antioch News and Manager Swanson of the theatre acknowledged the helpful co-operation on the part of Antioch business and professional providing the evening of supervised firms, firemen, police and teachers in amusement designed to replace the more questionable forms of Halloween fun.

LAKE FARM BUREAU FAVORS BOND ISSUE

The Board of Directors of the Lake County Farm Bureau urges that every voter in Lake County cast his vote in favor of the \$30,000,000 Bond Issue next Tuesday in order that this tax burden be spread over 20 years rather than pay it all in one year, which will be necessary if this bond issue does not carry.

John C. Watson, Tax Expert of the Illinois Agricultural Association, reports that approximately \$35,000 will be added next year to the tax bill of each farmer in Lake county who owns a hundred sixty acre farm if this bond issue does not carry.

The serious part of the situation is that this money has already been spent for relief. The Farm Bureau and the State Association are opposed to the spending of the money and then finding a way to raise it. George Bergborn, president of the Lake County Farm Bureau, urges the passage of the Bond issue, as from all studies made, it is the best way out of this serious situation.

Legion Men Return From Miami Convention

Ray Webb, past commander of the Antioch American Legion Post, and Bernie Fields returned Monday from a three weeks trip to Miami, Florida, where they were in attendance as delegates to the National Legion convention. The men made a trip to Cuba after the convention closed.

Teachers Have Day Off To Attend Evanston Meet

Antioch schools were closed Monday to permit the local teachers to attend the conference of the North Shore Division of the Illinois State Teachers' Association at the Evanston high school. County Superintendent W. C. Petty declared the day a regular Lake county institute day, for which a teachers in attendance will receive pay.

In attendance at the Parent-Teachers' section were Mrs. John Robbins, president of the local P. T. A., Mrs. Fred Swanson, Mrs. Monte Miller and Mrs. M. McDougall, of Antioch.

LEGION WILL SPONSOR ARMISTICE DANCE

Plan Memorial Service; Major Sexton to Speak Here

The annual Armistice dance and dinner will be sponsored this year by the Antioch American Legion Post and will be held at Pasadena Gardens November 10, according to announcement of the committee on arrangements.

The Legion annual dinner-dance is regarded as one of the outstanding social events of the season in this locality and will be well attended.

"An unusual feature of the affair," a prominent Legionnaire said, "is that the dinner as well as the dance will continue throughout the entire evening with the probable result that eating will create the desire to dance, and dancing the desire to eat. The question then is: will they dine to dance, or dance to dine?"

The affair will be under the supervision of Legion officers who extend a cordial invitation to the public to attend.

Plan Memorial Service.

The annual Armistice day memorial service in memory of America's soldier dead will be conducted by Antioch American Legion Post 748 on Sunday morning, Nov. 11, at ten o'clock. Participation by the general public in this ceremony is invited by the post officers and members.

Following immediately the outdoor services there will be a special service in the Antioch Methodist church. Rev. L. V. Stiller will deliver the address. The Legion will attend in a body.

Sexton to Speak at School. Major Grover Sexton, one of the most eminent of American Legion speakers, will speak in the Antioch high school auditorium at the Armistice day program scheduled for the high school Monday, Nov. 12. The speaker will face the challenge of fascism, communism and socialism in his address on Americanism.

The public is invited to attend this service.

Attend Investiture Service for Rev. Frawley

Mr. and Mrs. James Dunn, Mr. and Mrs. Frank Hunt, Miss Mabel Brogan, James Horan and B. F. Naber attended the investiture service for Rev. Father Frawley held at St. Jerome's church at Rogers Park Sunday. Father Frawley, at the dedication of his beautiful new church October 14, was raised to the rank of Domestic Prelate with the title of Monsignor. Cardinal Mundelein conferred the honor upon the former Antioch pastor.

Mrs. Josephine Herman and Mrs. Hugo Michell left Tuesday morning for Pockwaukee, Wis. They will visit at the home of Mrs. Herman's son, Eugene Herman.

Mrs. David Deering entertained her brother, David Bowman of Pierce-ton, Indiana, a few days last week.

Mrs. John Robbins and Mrs. Fred Mees attended A Century of Progress Tuesday.

Mrs. Herbert Vos is entertaining her mother, Mrs. Julia McCarthy of Burlington and her cousin, Mrs. Lucile Carver of Cedar Rapids, Iowa, this week.

Mr. and Mrs. Fred Swanson and Mr. and Mrs. S. Boyer Nelson spent Sunday in Kenosha.

Full Fashioned Service. Chiffon Hose, 75c pr. Sizes 8 1/2 - 10 1/2, at MariAnne's.

OFFICIALS ACT TO BALK FRAUD ON ELECTION DAY

County Clerk Lew A. Hendee as supervisor of the election polls in Lake county is making all effort and making "all precautions" to prevent any charges of fraud or the stuffing of ballot boxes at the election next Tuesday.

"We are doing all in our power to prevent the occurrence of fraud at the election polls such as has been revealed in the courts in Cook county," Hendee said. "Up to now we have kept our judges of election and clerks honest and we are doing all in our power to keep the polls clean from any taint."

Mason in Agreement. State's Attorney Charles E. Mason joined with the county clerk in his efforts to prevent fraudulent practices at the polls on Tuesday.

"I do not anticipate any unusual or serious violations," the state's attorney declared, "but I intend to vigorously prosecute any person or persons charged with violations of the election laws."

As some changes have been made in the location of polling places voters are urged to first determine the location of their polling places before settling out to vote.

Act in Cook County

The Illinois Supreme Court last week upheld the ruling of County Judge Jarecki of Cook county in which four election judges and clerks were found guilty of fraud at the polls.

AMERICAN EDUCATION WEEK TO BE OBSERVED NOVEMBER 5 - 11

Mrs. John Brogan, Local Chairman, Will Appoint Committees

The schools of the nation will observe American Education Week November 5-11. The local schools will participate in this country-wide program. The theme selected for the current year is "Educating for Tomorrow."

Through their professional organizations, local, state and national, and through the teacher-training institutions of every state, educators are attempting to adjust school organization and administration, teaching methods and curriculums to new needs. The enforcement of child labor laws and the gradual decrease in the length of the working life of each individual make it necessary for educational institutions, particularly those which serve the years of adolescence, to provide enlarged educational opportunities for young people. Since the doors of industry and business are closed to all below a certain age the schools can no longer offer educational courses suited only to those who have interests and abilities of similar pattern. The necessity for providing facilities suitable for all requires the introduction of new courses and the adaptation of old.

Such modifications constitute the program of reconstruction and recovery in education in the achievement of which the teachers call upon parents and other citizens during American Education Week. A clear statement of national goals and a more flexible and certain system of financing the schools, the improvement of rural education and rural life, the development of sound character and citizenship are among the problems which the educators face and which will be discussed under the head of the following day-by-day topics.

Monday, November 5—Planning for Tomorrow.

Tuesday, November 6—Developing New Types of Schooling.

Wednesday, November 7—Improving the Rural School.

Thursday, November 8—Financing Our Schools.

Friday, November 9—Quickening the Sense of Civic Responsibility.

Saturday, November 10—Preparing for New Kinds of Service.

Sunday, November 11—Enriching Character Through Education.

IN THE BEST TRADITION

Illinois is proud of her rank in the Union. Imperial in population, in resources, she is the very heart of the earth's mightiest nation. Proud, rightly, of these things, and proud of her history. Proud that her history for three generations, save for a few short, strange interludes, has been shaped by the Republican party. The best traditions of Illinois are Republican.

A distinct addition to the highest traditions of Illinois Republicanism came in the four-square, impregnable record of William J. Stratton as Secretary of State.

It was not merely that he managed the intricate details of the office promptly, pleasantly, and at the lowest expense in proportion to the amount of business done, of any state in the Union. Nor was it merely that, in times of stress and uncertainty, he took care of eighty millions of dollars for the state of Illinois without loss or shortage.

There is something else, surpassing this. William J. Stratton, by turning into the state treasury every penny of interest earned by the funds he handled proved that a campaign pledge made by him is a sacred obligation. By doing not simply what the law required, but in going beyond and above his legal obligations, he added new luster to Illinois Republicanism.

He has demonstrated his special fitness for the office of State Treasurer. His whole record, public and private, is the best tradition of his state and party.

NEVER RUB DIRT IN—ALWAYS WASH IT OFF

(Contributed)

The flying rumors gather'd, as they roll'd,
Scarce any tale was sooner heard than told,
And all who heard it made enlargement, too,
In every ear it spread, on every tongue it grew.
What more noble work could man undertake if he always carried the above title in his mind and put it into actual practice every time he heard one of his fellow-men's name being besmirched.

Never rub the dirt in—always wash it off. To defend the absent is surely more humane than to defame.

No man ever won his fellowmen's commendation by condemnation. It is the truly strong who discount slander and rumors of scandal; the weak, the first to accept and welcome them as a veritable fact. While whispering tongues can poison truth innuendo, a shrug, a knowing look sometimes does more to knock a reputation down than a direct accusation.

Main in his journey through this grimy business world needs lots of soap and water to help him keep his reputation from becoming spotted. If in his absence his fellowmen forget—show them the lavatory, it's ten to one they need it. Some men can convey a libel in a frown, others confirm it by their silence, neither are subject to retraction. They are cowardly, felonious without penalty.

Discretion of speech is more estimable than eloquence or a reputation for loquacity, for he who talks much says little of value.

Whispers of scandal are a menace against society, while truth bravely spoken is its salvation.

Idle men make idle talk, after exhausting the subject of self, seek to rectify the faults of the absent. Deep minds talk little, censure rarely, praise sparingly, condemn scandal but are always ready to defend. Never rub the dirt in—always wash it off.

Be a sanitary mental engineer.

SKIMMED MILK STARVES BUSINESS

Taxes are high—exorbitantly high—now. And if some public officials have their way, they will be higher in the near future.

The case of New York is one in point. It is proposed that a gross receipts tax, and a municipal income tax be levied on all business in the metropolis. The latter would be fixed at 15 per cent of the tax paid the federal government.

City officials justify their demands on the ground that the city's income is no longer equal to its outgo. No one knows what will happen to New York business if these new proposals go through—but it takes no seer to forecast that the effects will be adverse, that businesses will retrench, or move away, that people will lose their jobs, that investment income will drop or disappear, that New York will find that hard times can become still harder.

One does not have to be an alarmist to say that present tax policies which extend through every form of government, are driving us slowly, but inexorably, toward national bankruptcy. During years in which national income has dropped, the cost of all government—local to national—has steadily risen. Depression has spurred the growth of bureaucracy, the extension of political activities and official spending.

It is high time that public officials reverse their thinking process and figure out, not how income may be increased to meet excessive expenditures, but how expenditures can be kept within the bounds of reasonable tax income.

We cannot nourish employment-sustaining industry if we allow politics to fatten on the cream and leave business only skimmed milk.

COOPERATIVES SERVE IN MANY WAYS

Some of the most important activities of progressive farm cooperatives deal with problems not directly related to the buying and selling of agricultural commodities.

These problems include such matters as monetary policies, tariffs, commodity prices and all manner of government legislation. The farmer, in common with all other producers and workers, is vitally affected by national and international economic trends and policies. His farm, so far as this is concerned, is no different from a bank, a service industry, a life insurance company, as any other institution—in the long run, he will fail or succeed to the same degree as other endeavors here and abroad fail and succeed.

The great farm co-ops have given the farmer something he cannot obtain for himself as an individual—experts who work to make his influence, his wishes and his interest felt. In doing that, they have been extremely successful—farm leaders have been called in during the writing of important legislation of various kinds, and the completed bills contain valuable features that they suggested.

Thus, the farm co-op serves in many ways—and the thousands of progressive farmers who make successful cooperative associations possible are building stably for the future.

CHRISTIAN SCIENCE CHURCHES

"Probation After Death" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 28.

The Golden Text was, "The last enemy that shall be destroyed is death" (1 Cor. 15:26).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time; Casting all your care upon him; for he careth for you. Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour: Whom resist steadfast in the faith" (1 Peter 5:6-9).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "There is neither place nor opportunity in Science for error of any sort. Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them" (p. 232-233).

U. S. CAN IDENTIFY MOST CRIMINALS

Fingerprints of 4,500,000 in Government Files.

Washington.—On file at the Department of Justice are 4,500,000 fingerprint cards bearing the tell-tale whorls and loops by which almost any criminal in the land can be identified.

To examine all these cards at the rate of one every ten seconds would require five years, working six days a week, eight hours a day.

But—through an elaborate filing system, when prints are received for identification—it requires only 30 seconds to match them up with the department files.

And now J. Edgar Hoover, director of Uncle Sam's agents who wage a relentless war on gangsters, wants to cut that time to five seconds. Even 22 seconds saved might prove a decisive factor in an emergency, he pointed out.

The five-second record can be made by a "robot" searcher. It already has been applied to about 25,000 fingerprint cards and is being rapidly extended to others.

Roughly, this amazing machine works like this:

Each of the ten fingerprints received from a law enforcement agency is analyzed separately and made into a composite diagram, punched into a card.

When a sample fingerprint is received for identification, the machine is "set" according to the type of the sample and the cards fed in. Miraculously, it flips out only a dozen or so of the cards most likely to correspond with the sample.

To establish an identification, it is necessary only to examine the fingerprint record represented by the selected punch cards.

Dimes, quarters and half dollars are legal tender in amounts not to exceed \$10. Nickels and pennies are legal in amounts not to exceed 25 cents.

AMUSEMENTS

America Goes on the Platinum Standard

A new deal in theatre entertainment is on the way to Waukegan when "Platinum Blondes" comes to the Genesee Theatre on Sunday, November 4th.

Forty-five Platinum Blondes, consisting of singers, dancers, comedians, musicians and entertainers of proven ability. Platinum Blondes is conceded one of the fastest and most satisfying revues to be placed on tour in many a season, and all of the tricks of the stage as to stage lighting, scenic effects and costumes have been resorted to, to make Platinum Blondes an outstanding attraction.

With an array of talent, "Platinum Blondes" is headed by Sara Battles and her Platinum Tunesmiths, a group of twelve young ladies whose style of music can well hold its own with many of the so-called name orchestras that are presided over by well known male musicians; the comedy team of Bolce and Marsh, the Dawn Sisters, late features of several Broadway productions; Miss Billie Gerber, in impressions of a male; Marjorie Little, platinum blonde charmer with a style of song delivery which is all her own; Dorothy Sleson whose whistling has delighted audiences over the radio; the whirlwind dancing of the Lee Twins; in addition to the above named stars Platinum Blondes carry an ensemble of twelve young ladies who have been selected not only for their beauty but primarily for their ability as dancers.

he screen attraction Sunday, Nov. 4th, is "The Richest Girl in the World," starring Miriam Hopkins, Joel McCrea and Fay Wray.

"365 Nights" at the Gateway Theatre

A rollicking farce-comedy of Hollywood life and loves is promised to patrons of the Gateway theatre, Kenosha, when the Fox production "365 Nights in Hollywood," arrives for this week-end showing.

Advance reports state that the new film hits a fast and furious pace at its opening and continues to roll up laughs by the hundreds as it speeds to a surprise conclusion.

Alice Faye and James Dunn are featured as a young visitor from Peoria with movie aspirations and a picture director who has had fame and fortune but also a lot of bad luck. Mitchell and Durant, star comedy team, appear as two adagio lemmings who pick Alice for a star—and then see to it that she arrives.

Plus the feature film show will be the usual headline vaudeville attractions from Chicago's loop theatres.

BOOKLET ON FARM CREDIT

A booklet has been published by the Agricultural Commission, American Bankers' Association, on "Factors Affecting Farm Credit," for the purpose of furthering on a national scale the taking of farm inventories and the making of credit statements as sponsored by the commission in cooperation with the state colleges of agriculture and the U. S. Department of Agriculture. The goal is better relationships between farmers and their banks.

The booklet is devoted to the type of loans generally required by farmers, the need for farm credit, how it can be obtained, when it is safe to borrow, what principles to follow to establish credit; advance of needs, and how both the lender and borrower are interested in sound, productive farm credit.

Mrs. Sidney Barnstable and Mrs. Charles Britton were Waukegan visitors on Monday.

Buildings Settle Unevenly

A world-famous example of a building settling unevenly because of an unsatisfactory soil foundation is the Leaning Tower of Pisa in Italy. This building started to settle unevenly while it was being built and has continued to settle ever since. That it started to settle while in course of construction some hundreds of years ago is indicated by the fact that efforts were made to correct the slant of the upper floors by building them higher on the sinking side. Even these upper floors on which correction was made are very much off level.

Students Sponsor

Newspaper

The Commercial Club is sponsoring a newspaper about the High School to be sold to the pupils for three cents.

All members are only temporary members until they have a certain number of points. There are several different ways of acquiring these points. By writing to foreign students, by working on the newspaper, by conducting a lost and found bureau, and by participating in dramatics, the temporary members may accumulate the acquired points.

Teachers Attend Institute

On Monday, October 29, the teachers attended a very interesting meeting of the Lake Shore Division of the Illinois State Teachers' Association at the Evanston Township High School. At the general sessions John Guy Powles, Professor of Education, University of Wisconsin, and William Mather Lewis, President Lafayette College, Easton, Pa., were the speakers. At the senior high school section Stephen Leacock, Professor of English, McGill University, Toronto, was the speaker.

Formation of Earth

We were entertained on October 30th in the High School Assembly by a talking picture which had to do with the development of the earth. The way in which our earth was formed was portrayed in a most interesting manner. An additional comedy feature was presented.

Grade School Notes

The grade school teaching staff and the board of education drew favorable comment from Floyd T. Goodier, assistant state superintendent of public instruction, who visited the local schools recently. He expressed himself as being well pleased with the condition of the buildings, and size of the classes, the text books used, and the adequate facilities provided by the board of education.

Plans are being made for the second annual conference spelling match to be held in December. A list of 1,200 words to be used in the match has been placed in the hands of all upper grade pupils.

Several pupils of the seventh and eighth grades have entered the essay contest being sponsored by the Lake County Tuberculosis association. The winner will broadcast his essay over station WCBD.

Educational films, mainly dramatizations of classics, will be shown every second week beginning Nov. 12.

according to a program just completed for the grade schools.

One hundred fifty grade school children took part in the Halloween parade Wednesday evening. The children were admitted free to the Antioch theatre, where the picture, "Thirty Day Princess" was shown. The evening's entertainment for the youngsters was sponsored by the Antioch News, Mr. Swanson of the Antioch Theatre, Mr. Clabaugh and grade school teachers and Antioch business men who donated prizes for best mask costumes.

The danger of an epidemic of scarlet fever seems to be past. Only three grade school children had the misfortune to be afflicted with the malady—Marie Ball, Peggy Ball, and Mary Osmond.

Thrifty Cooks Serve Crack Wheat Dishes

Inexpensive but Nourishing, Supplies Energy, Minerals and Vitamins

A delightfully inexpensive yet most nourishing food is whole wheat. It gives us heat and energy, supplies protein for body building, minerals which are somewhat lost in refined food products, and vitamins for disease prevention.

The wheat is whole when you buy it but the kernels cook more quickly when cracked. To do this, simply wash the grain, dry it thoroughly in the oven and then run it three times through the finest blade of your food chopper. About 30 minutes toasting in a hot oven 400 degrees F. gives a pleasant, nutty flavor.

Since some of the recipes call for cracked cooked wheat, here are the directions:

Cooking Cracked Wheat Grains
2 cups cracked wheat
6 cups boiling water
1 1/2 teaspoons salt

Boil the water and salt in a double boiler placed directly over the heat. Sift the cracked wheat slowly into the boiling water, stirring now and then until the mixture boils. Let it boil 5 minutes, then place the boiler top in the lower section which contains boiling water and cook for 1 hour longer. Still another hour of slow cooking will even more improve the flavor, though the first hour is sufficient, especially if the cereal is to be used in a cooked food.

Stuffing for Wild Game
1/2 cup cracked wheat
1 cup water
1 tablespoon butter
1 teaspoon salt
1/2 tablespoon chopped onion
2 teaspoons chopped nuts
1/2 cup chopped celery
1 small egg

Cook together the cracked wheat, water, butter, and salt in the top of a double boiler for 1 hour. Combine with the other ingredients and use for stuffing wild ducks or other game.

Meat Loaf
1 1/2 lbs. hamburger
2 cups cooked cracked wheat
1 cup bread crumbs
1 egg
1/2 minced onion
1 tablespoon butter
1/2 green pepper
1/2 cup milk

Salt and pepper to taste. Soak bread crumbs in cold water. Fry the onion in the butter. Press out excess moisture from bread crumbs, combine all ingredients and place in a greased bread pan. Bake 1 hour in a moderate oven (350 F).

Honey Spice Cookies
1/2 cup shortening
1/2 cup honey
1 egg well beaten
1 cup cooked cracked wheat
2 cups flour
1 teaspoon cinnamon
1 teaspoon baking powder
1 cup raisins
1/2 teaspoon soda
1/2 teaspoon cloves

Cream shortening and honey. Add eggs and wheat. Sift flour, spices, baking powder, and soda and add to mixture. Add raisins, drop by teaspoonfuls on a greased baking sheet and bake in a moderate oven 30 minutes.

Cracked wheat Nut Bread
1 egg
1/2 cup sugar
1/2 cup milk
1 tablespoon melted shortening
1/2 cup cracked wheat
1 1/2 cups flour
1/2 teaspoon salt
1 teaspoon baking powder
1/3 cup chopped nut meats

CHICKEN CANNING TO BE DEMONSTRATED ON NOV. 1

Miss Glenna Henderson, foods specialist from the University of Illinois, will give a demonstration on the canning of chicken on Thursday afternoon, November 1, at 1:30 p. m., at the Farmers' Hall at Grayslake.

Many women have been asking how to can poultry. The canning of poultry at this particular time makes it possible to not only save the feed which would be given until the fowls were used but also saves fuel in the matter of cooking.

This is an open meeting and anyone who is interested is cordially invited to attend.

George Phillips, state employee at the Dixon hospital, is enjoying a few days visit with his family here this week. When a friend remarked to Phillips that he had taken on a little extra poundage since last seen here, George answered he had been feeding on butter that Candidate Stelle's downstate creameries had been selling to the state of Illinois. He got his information from the last edition of the News.

Henry Horner, governor, ought to know Phillips better. The gov. is looking for a man who knows all the right answers to the embarrassing question the Republicans persist in asking. George knows them all, and he's so good natured about it, too.

Frederick Pearce, 74, passed away at his home in Highwood, Ill. Having spent the greater part of his life as a farmer in the vicinities of Lake Villa and Spring Grove, Mr. Pearce was well and prominently known in western Lake county.

He was born in Westzoyland, England, Feb. 1, 1870. He came to this country when 20 years of age.

He is survived by his wife and three children, also a sister who lives in England.

Funeral services were held Monday afternoon at Highwood and interment was in Hillside cemetery, Antioch.

William Anderson and son, Billie, and their guests attended a Century of Progress Thursday.

Cans Leghorns

Finds It More Profitable to Sell Culls Cooked in Glass Jars

Leghorn hens bring a much better price in glass cans than on the market. That is the experience of D. E. Zimmerman of Ashland county, Ohio. He says that a four-pound hen culled from his flock will bring only 40 or 50 cents. So he cans his old hens during the summer and fall as they are culled and gets \$1.25 apiece in the cans.

In the canning, quart glass cans are used. One Leghorn hen, when properly cut up, will fit nicely into one of these cans. In the case of exceptionally large hens, a piece of the back is left out. Mr. Zimmerman culls his flock regularly, so that at each culling he has about 25 hens to be canned. These hens are killed, dressed, cut as you would cut a chicken for frying and packed in the cans. Then they are cooked, or processed, for three and one-half hours.

Directions on the can tell how to proceed when preparing the chicken for the meal. After telling how to remove the lid, the directions read as follows: "Place can in hot water or oven. Heat thoroughly, pour off stock and use for gravy or noodles; roll chicken in flour and brown in butter."

"Canned chicken comes in very handy for people whose friends drop in about meal time and something has to be prepared quickly," said Mr. Zimmerman. "It is already cooked and you can have a good chicken dinner ready in 15 minutes. That's why many people like it. We just can the culls from our flock which amount to about 400 a year."

Making Flower Holders

Satisfactory flower holders may be made from molded paraffin. Pour the hot paraffin into a container of suitable size, and as soon as the wax begins to harden, insert pencils or large nails and leave them until the mold is hard. Then remove the paraffin, pierce the holes through, and remove the pencils. The holes will hold inserted flower stems upright.

Beat the egg and sugar until light. Add milk to which the melted shortening has been added. Add cracked wheat. Sift dry ingredients and mix with nutmeats. Beat well. Fill a greased bread pan 2/3 full and bake in a moderate oven (350 F.) for 1 1/2 hours.

Cracked Wheat Muffins
2 tablespoons cooking butter
2 tablespoons lard
4 tablespoons sugar
1/2 teaspoon salt
1 egg, well beaten
1 1/2 cups flour
4 teaspoons baking powder
1 cup cooked cracked wheat
1 cup sweet milk

Beat the softened shortening with the sugar and egg. Add the sifted dry ingredients alternately with the milk. Stir in the cracked wheat last. Bake in greased muffin tins 15 to 25 minutes in a hot oven (415 F).

Easier This Year To Remodel Last Season's Clothes

A Few Changes Here and There Bring Last Year's Garment to Date.

Urbana, Ill., Nov. 1.—It will be easier this year for women to get new clothes from those of previous seasons than it has been for several winters past, according to Miss Edna Gray, associate in clothing extension at the College of Agriculture, University of Illinois. All that may be necessary to make 1934 look like 1935 will be to remove a little fullness, substitute a new collar or add a harmonizing jacket, she explained. The outstanding points of difference between the styles of 1934-35 and those of 1933-34 are summarized as follows by Miss Gray:

Silhouette—1933-34 slender and straight; 1934-35 very straight and slender; "stemlike" skirt bulky at top.

Skirt length—1933-34 daytime longer than 1934-35; 1934-35 little change. **Skirt fullness**—1933-34 from knee down; 1934-35 below knee, lower than 1933-34.

Skirt design—1933-34 simple, some intricate seaming; some tunics; 1934-35 very simple, two and four gores; tunics; many skirts split at front, side or back.

Waistline—1933-34 normal; 1934-35 normal or slightly raised, sometimes not belted.

Waists—1931-34 well fitted, some blousing at belt line; 1934-35 little change; some fullness above belt now permitted.

Shoulders—1933-34 square, clearly

outlined; 1934-35 more sloping, less broad.

Sleeves—1933-34 somewhat decorative; 1934-35 less full, somewhat more simple, bracelet length; some dolman type in afternoon dresses.

Necklines—1933-34 high, round, many collars; 1934-35 high, draped; some square; many collars, also many plain necklines.

Seam lines—1933-34 many diagonal, curved and angular seam lines in both waist and skirt; decorative; 1934-35 straight and vertical at the front and back; fewer decorative seams.

Fabrics, 1933-34 plain, making dress interest depend on details of construction; 1934-35 monotone with texture interest, making dress interest depend more on fabric, less on details of construction; many elegant fabrics available.

Origin of Bridal Veil
The bridal veil had its origin in the East, where many women still go veiled during the greater part of their lives and where a husband is not supposed to see his bride's face until after the ceremony of the marriage.

full blossom at the R. S. Winship estate on Fox Lake a few days ago, it was reported, and Friday Mrs. Henry Hunter of Antioch brought to the News office a great bunch of apple blossoms. At his Cross Lake home Sunday morning, Charles Martin picked a large bouquet of bridal wreath.

Such rarity of late blooms, however, is not entirely unknown here. Just forty years ago this week apple blossoms were found in great numbers throughout Lake county, according to newspaper reports of four decades ago, when residents experienced a very dry year.

E. Church, candidate for congress from the tenth district.

"Remove this fear and clear up the uncertainty by sane and sound methods, and the nation will start promptly on its way to its rightful place at the head of the world's economic and industrial procession," declared the popular Republican Congressional candidate.

Among other things Church says that if he is elected to Congress, he will do everything in his power to safeguard the individual rights of every man, woman and child in the United States, and that he will urge Congress to resume immediately all of its legal duties and powers as our representative law-making body.

Mr. Church and Supt. Petty arrived late at the meeting, because of previous engagements, and some of the big crowd did not hear them speak.

Airplanes With Machine Guns
Prior to the outbreak of the World War no airplane on the western front was actually armed with a machine gun. Rifles, carbines, pistols, shotguns and hand grenades were carried by pilots and observers. The Fokker monoplane (Autumn, 1915) was the first effective "fighter" airplane. It was fitted with a fixed machine gun firing straight ahead, and a synchronizing gear by which the actions of the engine and the machine gun were so co-ordinated that the gun only fired when the propeller blade was not opposite the muzzle of the gun.

The Negro
A person is still considered to be a negro, or specifically a quinton, when 15-16 of his blood is white. Incidentally, while the child of a white and a negro is known as a mulatto, the child of a negro and a mulatto is technically called a sambo.—Collier's Weekly.

Mrs. Anna B. Hoffman

Residents in the town of Bassett mourn the loss of Mrs. Anna B. Hoffman, 91, widely known throughout Kenosha county, who died early Saturday morning after a brief illness of only a week. She had not been in the best of health for some time but her condition did not grow critical until a few days ago when she suffered a stroke.

She was born in Randall May 1, 1843, a daughter of William and Paulina Brower, pioneer settlers. She was a self-educated woman and a

granddaughters, Mrs. Irving Carey, Nippersink; and Mrs. Robert A. Mullen, East Troy, and four great grandchildren: Mary Ann, Robert, Jr., Kathleen and Thomas Mullen.

Funeral services were held Monday afternoon at 2:30 at the home. Rev. J. Axtell of Silver Lake officiated. Mrs. Guy Loftus and Mrs. Charles Schultz sang. Burial was in the Wilmot cemetery.

Mr. and Mrs. A. C. Stoxen received word last week of the injury and death of their granddaughter, Natalie Sime, only daughter of Mr. and Mrs. Henry Sime of Hebron. The child was struck by an automobile as she walked on highway 173 near her home and suffered concussion of the brain, a fractured leg and a broken collar bone. She was rushed to the Harvard hospital where she died Friday. Burial was Sunday afternoon at Hebron.

An Old Bed Tester
A clock that contains a bed tester to determine whether the sheets are damp and need warming, is one of the three old English timepieces in the galleries of the Denver Art museum.

Old-Time Steamship Line
There was once a steamship line between Colorado and Utah. It navigated the Green and the Colorado rivers for several years.

If your merchandise has merit, advertising will sell it. If not, it's wise to keep still and wait for suckers.

Which is YOUR lamp?

Lamp 1. Bulbs are too low, sides of shade too sloping. Result — glare, deep shadows, eyestrain. Lamp 2. Bulbs at right height, shade of correct design. Result — restful light, precious eyesight protected. FREE at your Public Service Store, "Lighting Tape Measure" to test your lamps. Get it today.
